

# PRESIDENT'S MESSAGE

---

Since its founding in 1932 the American-Hellenic Chamber of Commerce has sought to act as a bridge between the business communities of Greece and the United States.

One of the most important components of our mission has been and remains the communication of ideas, information, and opportunities, for mutual gain.

Business Partners, the magazine of the Chamber, plays a key role in exploring issues central to the Greek economy, reporting on trends in the United States, and presenting interviews, profiles, and columns that provide our readers with greater insight into the business, trade, and investment environment.

We are now pleased to offer Business Partners Online, enhanced with multimedia content, more extensive coverage and, most important, available to readers everywhere.

Business Partners Online combines the content of our print edition with web exclusive content and makes it possible for our readers to share information, provide feedback, and contribute more easily.

In addition, as a complement to the Chamber website, it allows readers to stay abreast of the Chamber's activities.

The American-Hellenic Chamber of Commerce is dedicated to serving its members with the best possible services and providing new, effective and valuable tools.

I believe Business Partners Online is one such tool that will allow all our members and associates, in Greece, the United States, and around the world, to stay connected and stay informed.
